

31 READING PRACTICE

Central College Student Fashion Show by Sam Coulston, college magazine reporter

As you may know, we had a fantastic fashion show here at the college last week. The aim was to display the work that the fashion students **27)** been involved in all year here at the college, and show parents and friends the results. And it was clear to us that **28)** were impressed by it.

The models that **29)** part in the show were actually the students themselves, wearing their own clothes designs. **30)** were some amazingly creative clothes on show, such as a dress made of recycled materials, and a coat that included every colour you could possibly think of! And the scenery, created **31)** the students in the Art Department, was really spectacular too.

Mrs Jackson, Head of Design, said: 'There's absolutely **32)** doubt in my mind that all these students are extremely talented — and I'm sure we'll hear more about them in the future. I wish them every success in their careers.'
